Websites made easy

For the business and the owner

Meet Felix

An all-inclusive fully hosted website building solution for creating beautiful, high-performance websites.

With Felix you don't have to worry about managing software, installing updates, or keeping backups. Felix does all that for you.
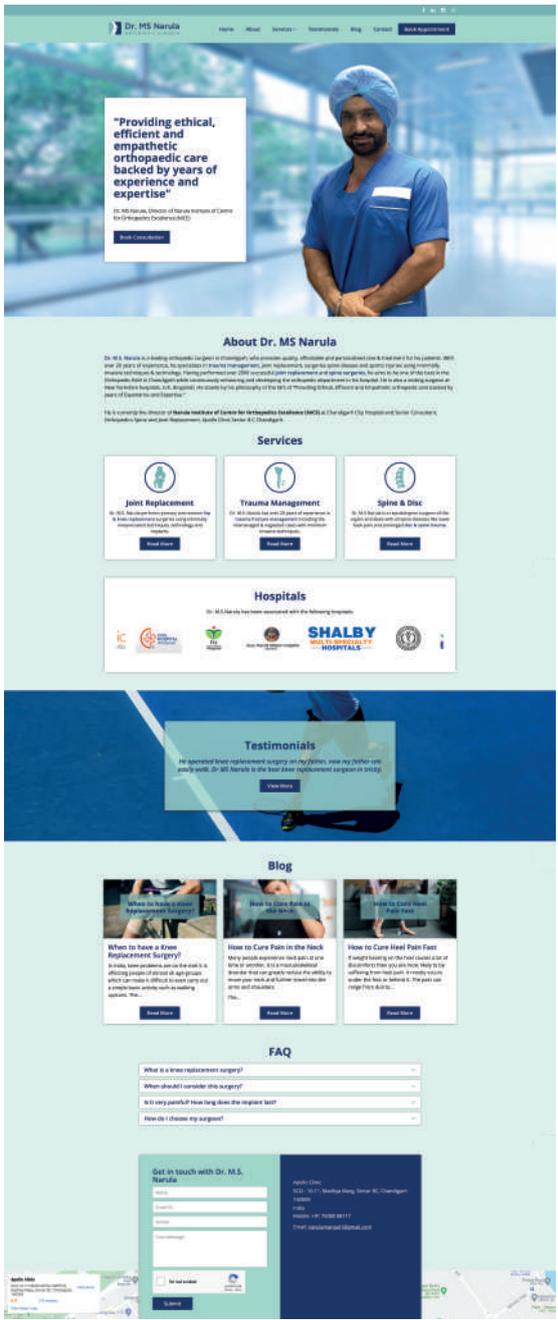

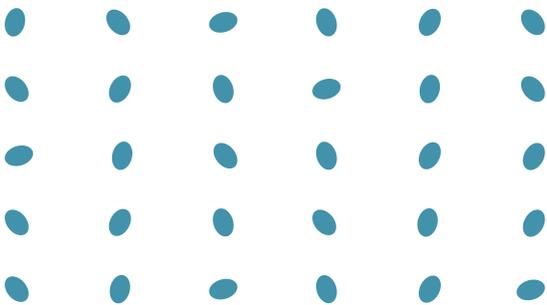

Simple tool, powerful performance

Powerful tools tend to get too complicated to use and end up requiring special skills to work them. We have made Felix simple to use, yet powerful enough to achieve what you are looking for.

Cloud-based hosting, so you don't have to worry about it. High-speed websites, because you don't have to worry about the code. Simple dashboard, so you don't lose your bearings when you log in.

Take control of your website

With Felix, have a greater sense of control over your website. Got a new event? Add it in a giffy. Need to fix a typo? Don't have to call a techie.

How it works

There's a lot that goes into putting together a website and we're here to help you navigate through the process. Following is a list of steps on how the project will be executed.

Discovery Meeting

- Get to know your business
- Scope out the initial list of requirements

Define Scope

- Pages and sections of the website
- Content and images needed from you

Design and Development

- Style guide - fonts and colors
- The layout of the pages
- Content and images for the pages
- Template design
- Website development

On Approval

- Launch of the website
- Maintenance assistance
- Training on the dashboard
- Nominal annual hosting & engine fee
- Annual maintenance contract option

A cost-effective solution

Depending on the size and complexity of the website we offer competitive pricing.
